Chia-ling Wu

Graduation Year: 2019

Current position: Taishin International Bank, Asset Liability Management Analyst

City: Taipei

„The Taiwan Tech Management Undergraduate Program was an important experience that prepared me for a career in finance. I wouldn't be where I am today without the dedicated and enthusiastic MUP faculty and staff!”

I chose the Taiwan Tech Management Undergraduate Program for my undergraduate education and gained a Degree in Business Administration. One strength of the program is its flexibility and the wide range of choices it offers for students. I took many different classes in the beginning, until I realized that my interest and strength was in finance.

I therefore decided to concentrate in this field, and I was fortunate to meet inspiring teachers who encouraged me to expand my knowledge of this field and to pursue a career in finance! The MUP was an excellent foundation for my Master's education which I received at the University of Warwick, UK.

I am also grateful for the lively MUP alumni network which helps me to connect with my classmates and to receive advice from more experienced peers. Attending the MUP was an important experience that prepared me for a career in finance. I wouldn't be where I am today without the dedicated and enthusiastic MUP faculty!
